Kann's—Street Floor.

## Yes, We Have Them Genuine Imported Dotted Swisses

—The most in demand high quality washed goods of the day.  
—And probably the scarcest and most difficult to obtain of any wash goods manufactured at present.

—We have been besieged with inquiries for this beautiful wash fabric and hasten to announce that we have a fine assortment at present.  
—We have them in pink, light blue, lavender, green, navy blue and black grounds with white dots, also white with pink dots, small and medium size dots. The material is 30 inches wide.

**\$2.25**

—Here, a yard, **\$1.25**  
—PRIVILEGE VOICES that rival in their wonderful patterns and colors many of the expensive georgettes and chiffons. They are in novel new effects—black and white, blue and white, green and white, pink and white, etc. The material is 30 inches wide. **\$1.25**

—IMPORTED SCOTCH PLAIN GINGHAM—This is the highest type of gingham made. There is nothing finer in the world. It is so fine, so smooth, that you would imagine it would be made of silk. It is made of black, blue, green, and white. The material is 30 inches wide. **\$1.25**

## A Splendid Assortment of SEMI-MADE SKIRTS

—Silk-striped or Silk Plaid Poplin Skirts, majority black. The stripe styles are in deep yoke effects, with fringe-trimmed gathered pockets.  
—The plaids have tailored pockets. Open in the front and have belted down back and front.

at **\$8.98** each

—New mixed checked materials, made up in—  
—38 and 42 inch Fine Scotch Plaids and Stripes, in large and small plaids, also in striped patterns. Very desirable for the new separate skirts.

—Good, rich dark colors to select from.

—This is our regular \$1.50 quality. For one day, yard, **\$1.29**

—A Special Lot of New Linings, in unusually attractive designs, in brocade and printed silks, in very striking oriental and floral patterns, suitable not only for linings, but can be used for kimonos also; 36 inches wide. **\$1.00**

—plain-tailored style, with fancy pockets, buttons down front and back.  
—Covert Cloth Skirts, plain-tailored style, with yoke, and trimmed with fancy pockets.  
—All have the seam left open for adjustment. Good range of sizes.

## A Maker's Surplus Lot of Wash Satin Blouses

—Another house for whom these Blouses were made up canceled their order because of a delay in delivery, and the makers found themselves with too large a supply of Blouses of similar styles. They offered us their surplus at a big price concession and you have the advantage tomorrow.

—The washable satins are chiefly plain tailored styles, with large pearl buttons, and some are finished with a Frenchy little black ribbon bow at the neck.

—Others are combinations of washable satin and Georgette, with the fronts tucked to form Tuxedo vest effect; there are some crepe de chine also in this tucked style. These are especially fetching worn with the new suits.

—In the assortment also are frilled front crepe de chine blouses.

—Flesh color and white blouses only in this special sale lot.

—Good range of sizes to select from.

—Choice. **\$3.98**

Kann's—Second Floor.

## In This Specially Priced Lot of Dresses

Are Copies of Models **\$21.95**  
Selling Up to \$39.75, at...

—The materials, of course, are not so expensive as in the higher priced dresses, but in style and looks they compare very favorably with the originals.

—There are handsome taffetas, serges and satins.

—The serges are in plain tailored styles, very becoming to the full figure; many braid trimmed.

—The taffetas are in attractive new tunic styles; in round neck effects, and finished with the new style sleeves; some have pretty touches of hand embroidery. The satins also are in tunic effects; some have

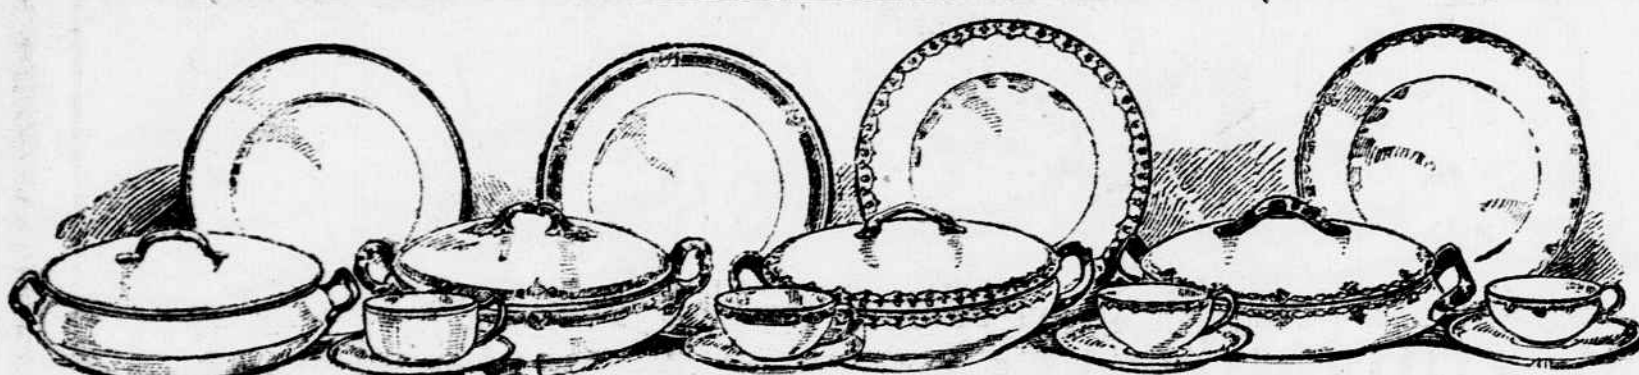

sleeves of georgette crepe, and a great many are finished off with white collars.

—The stylish stock models at this price are just as charming as those for the slender figure.

—Colors are Copenhagen blue, navy, taupe and black.

—Sizes range from those for misses 16 to 20 years, up to those for women of 36 to 50 inch bust.

Kann's—Second Floor.

## FATAL ACCIDENTS PROBED BY JURIES

Three Deaths Investigated.  
Two Here and One in Hyattsville, Md.

TWO RATED UNAVOIDABLE

Inquests over two victims of traffic accidents—Maurice Roche, seventy-five years old, 212 4th street, who was killed by a street car, and Abel Savage, colored, sixty years old, 1319 Riggs street, who was killed by an automobile—were held at the morgue yesterday afternoon and last night. Justice of the Peace Herbert Moffett conducted an inquest at Hyattsville, Md., in the case of Mrs. Caroline Crawford, colored, Brentwood, Md., who was killed by an electric car at North Brentwood station Thursday afternoon.

In one of the three cases—the one which involved the killing of Savage—the jury held Bertram Clark Spurr, twenty-one years, 439 14th street northeast, for the action of the grand jury. A verdict of accidental death was reported in each of the other cases.

Testimony in the case of the last-mentioned accident showed that Savage, accompanied by a minister, was crossing at 14th and Q streets Saturday night when an automobile struck him and fatally injured him.

Testimony of Witnesses.

Witnesses said Savage had every reason to believe the crossing was absolutely safe, a street car having stopped there and an automobile having paused until passengers could be admitted or discharged from the southbound car.

It was testified that Spurr not only failed to stop his automobile in compliance with the regulation relating to the protection of patrons of street cars, but that he passed to the right of the other automobile and that his car was going at a fairly good rate of speed.

Evidence in the Roche Case.

Witnesses testified in the case of Mr. Roche that he passed through the hedge near Pennsylvania avenue and 14th street, in sight of his home, and neglected to pay attention to the sounding of the siren of an approaching car. He was struck and his skull fractured. He died at Casualty Hospital several hours later. Jurors reached the conclusion that the motorist on the car was not responsible for the accident.

Much interest was shown at the inquest in Hyattsville by residents of Brentwood and vicinity, complaints having been made against motorists for speeding and failing to stop to take on passengers, but testimony given by witnesses failed to show that such conditions entered into the case involving the killing of Mrs. Crawford.

F. J. Mersheimer, who appeared at the hearing in the interest of the Washington Railway and Electric Company, was questioned by jurors as to the conditions complained of. He proposed to remedy the cause of the complaints, and assured the jurors that offending employees would be disciplined.

Jury Called to Hear Testimony.

Deputy Sheriff Garrison selected the jurors to hear the testimony. Two colored residents of Brentwood, the jurors were Mr. C. L. Gorman, son of the jury, and Mr. J. L. Gorman, son of the jury, and Mr. J. L. Gorman, son of the jury, and Mr. J. L. Gorman, son of the jury.

Witnesses testified that Mrs. Crawford, and her daughter-in-law, Elsie Crawford, were on their way home from this city, having viewed the welcome parade. They were hurrying home to greet Milton Crawford, son of the deceased, who had just returned from France, and it was testified that they walked directly in front of a car coming toward the city.

One witness told the jury the women could have seen the car had they looked around before stepping in front of it. Mrs. Elsie Crawford, who also was knocked down and seriously hurt, is under treatment in Freedmen's Hospital.

Traffic Accidents Reported.

A vehicle of the American Taxi Company in charge of James H. Moreland, Capitol Heights, Md., this morning about 6 o'clock ran against a bundle of newspapers left at Florida avenue and 7th street, causing the taxicab to collide with a motor truck of the Walker Hill dairy.

Wilbur Clements, 1157 Neal street northeast, driving the motor truck, received an injury to his leg, and James S. Bouthrey, Walter Reed Hospital, a passenger in the taxicab, received a severe cut across his neck. They were given first aid at Freedmen's Hospital.

A motor vehicle belonging to a grocery company and operated by L. B. Bailey, 1408 9th street, collided with a street car at 9th and O streets yesterday and was slightly damaged.

A collision between the automobiles of Kennedy & Davis, 2400 15th street, and Walter E. Miller, 2214 14th street, was damaged as a result of collision at Florida avenue and V street yesterday afternoon.

A street car and a government automobile, Robland Smith, Walter Reed Hospital, driving the latter vehicle, collided at 9th and F streets last night shortly before 6 o'clock. Slight damage to the automobile resulted.

Mr. and Mrs. G. E. Leonard, 3127 P street, received painful injuries last night when a taxicab in which they were riding ran into an excavation on Massachusetts avenue between 9th and 10th streets. They were taken to Emergency Hospital.

PHONE VOTE FAVORS STRIKE.

Early Returns From Organized Operators Oppose Mr. Burleson.

Early returns on the vote being taken throughout the nation among organized telephone operators show that sentiment overwhelmingly favors a strike in protest against the administration of Postmaster General Burleson.

New England has submitted results to headquarters of the International Brotherhood of Electrical Workers at the American Federation of Labor building in Washington, and figures show that 7,444 were for a strike and only twenty against. It was stated that 95 per cent of the Pacific coast operators favor a strike.

A referendum is now being taken among the 135,000 members to learn what will be the per capita tax to be levied to support a strike. It is expected that the fund agreed upon will total about \$600,000.

Union officials assert that the hostile attitude Mr. Burleson has taken against organized labor since the government took control of the wire systems has brought about the demand for a strike. It is claimed by these officials that Mr. Burleson has refused to recognize the right of employees to organize despite President Wilson's proclamation in favor of such toleration.

Col. Bauer Goes to Long Island.

Lieut. Col. Louis H. Bauer, Medical Corps, has been relieved from duty in the office of the surgeon general, this city, and ordered to duty at the medical research laboratory, Mincola, Long Island.

## Pay Loads Both Ways

Twenty-seven per cent of motor trucks today engage in intercity haulage exclusive of a year ago only 4 per cent.

You'll come to it sooner or later—because there's money in it—as much as \$30 a day clear for each truck.

Then you'll realize why GOODRICH DE LUXE Truck Tires are best for your truck—why men engaged in this hard-grinding, sinew-cracking but profitable venture insist that their trucks be shod with them.

Only Quality will stand the Spartan test of the country road, curtail heavy vibration, save fuel and the load—and in GOODRICH DE LUXE Truck Tires Quality is given its best expression.

We sell and apply De Luxe Truck Tires
